OPUDA MISSION

The mission of OPUDA is to benefit customer owners of PUDs, influence state legislation, regulation and policy and provide focus on related interests of its member PUDs by networking, idea sharing, and educating each other.

ABOUT OPUDA

The Oregon PUD Association (OPUDA) is an alliance of Oregon People's Utility Districts devoted to serving its members and others interested in consumer ownership of their utility.

A People's Utility District (PUD) is a body of local government that provides utility services, generally electricity and water, in a specified community area. As granted in the Oregon Constitution, PUDs are formed or exist in areas where a majority of the public has sought local ownership and control of their utility. A PUD can usually offer lower costs because its products and services are sold at cost-based rates. There is no profit added in. The PUD Board of Directors, elected by the consumer/owners, are residents of the PUD community.

All of Oregon's six operating PUDs are members of Oregon PUD Association, including:

Central Lincoln PUD • Newport, Oregon

Operational in 1943

Clatskanie PUD • Clatskanie, Oregon
